Shirley Rijken  
Pixia

**Product:** GF 235

The following information can be given for the General Formulations product listed above.

## REACH

The latest list for Annex XVII of the REACH regulation (EC 1907/2006) has been published by the European Chemicals Agency (ECHA) effective June 10, 2022. This list can be found on the ECHA-website (<http://echa.europa.eu>).

In accordance with article 33 of REACH regulation, any supplier of an article containing a substance on the list in a concentration above 0.1% (w/w) shall provide the recipient with sufficient information to allow safe use of the article including, as a minimum, the name of the substance.

Therefore, General Formulations informs their customers that the article listed above does not contain substances included on the candidate list (status: June 10, 2022) according to article 59 (1, 10) of the REACH regulation in a concentration above 0.1% (w/w):

## RoHS 2015

In the RoHS 2015 regulation, concerns the following items heavy metals (lead, mercury, cadmium, hexavalent chromium), PBB's (polybrominated biphenyls), PBDE's (polybrominated diphenylethers), Bis(2-ethylhexyl) Phthalate (DEHP), Butylbenzyl Phthalate (BBP), Dibutyl Phthalate (DBP), and Diisobutyl Phthalate (DIBP). Therefore, General Formulations Inc. informs you that the article mentioned above to the best of our knowledge does not contain any of the chemicals listed for RoHS 2015. Analytical analysis for trace contamination by any listed chemical is not a component of this certification.

We provide this product information on the basis of our current knowledge and experience and can neither give any warranty nor assume any responsibility for factors outside our control or knowledge.

If you have any additional questions concerning General Formulations compliance, please contact me at (800) 253-3664.

Sincerely,

*Rob Bachholzky*
